KD Interior Doors

Eco-friendly | Quick Installation | Post-frame Door

About Keding | Stock Symbol (TWSE) : 6655

Since 2002, KD has been focusing on the manufacturing and application of wooden products. We persist in the provision of excellent products by actively investing resources into research and development with a rigorous and meticulous attitude since its establishment. In 2018, We successfully went public on the Taiwan Stock Exchange Market (TWSE: 6655) and employing approximately 1000 employees, KD has revolutionized the standards of interior design and become a leading brand in the decorative material market worldwide.

Comprehend the Market Trend and Pursue the Best

KD insist on "Technology, Innovation, Cultivation, and Progression." We integrate traditional practices into modern technology to provide innovative products and solutions. Our experienced team ensures effective planning and execution, establishing KD Panels as a trusted name in the decorative materials industry.

Corporate Social Responsibility

Our mission is to focus on achieving a balance between social and environmental responsibility. We use eco-friendly packaging by selecting FSC™ certified materials and support forestry foundation by hosting charity events and produce low-formaldehyde products to promote sustainability and a better society.

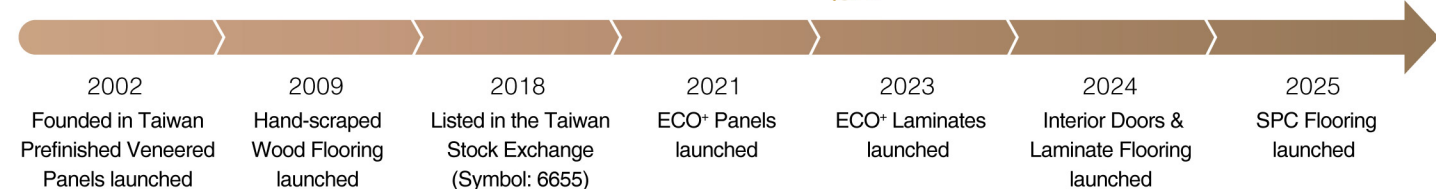

Forest-friendly Policy

Keding Enterprises place a high emphasis on sustainable forest development, utilizing mature trees in the least environmentally impactful manner, ensuring the perpetual cycle of natural resources while fully embracing the social responsibility of afforestation and forest conservation.

TRUE+ Panels
(PP & PVC)

Taiwan-manufactured
Grip Handle

The Pre-Finished Door Frame is made with a high-density plywood structure for strength and durability.

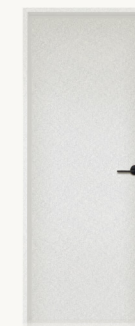

Both the door leaf and door frame are available in a skin-touch finish for a more cohesive and aesthetically pleasing door set.

Built with a reinforced solid cross-layered core, the door offers greater stability and durability.
