# SUSTAINABILITY CERTIFICATIONS

KEDING has acquired various certifications of sustainability and quality management. Striving to practice consumer health protection and fulfill environment sustainability by complying to strict management and production standards.

## Taiwan Green Building Material Certification

Materials which have a minimum impact on the earth's environment produce no harm to human health in the process of raw material acquirement as well as the cycle of regeneration and reuse. Responsible product manufacturing and application are collectively called Green Building Materials.

## Singapore Green Labelling Scheme

The Singapore Green Labeling Scheme (SGLS) was launched in May 1992 to endorse consumer products and services that have less undesirable effects on our environment. The SGLS is also recognized as a member of the international Global Eco-labeling Network (GEN).

## FSC™ Certification

As an effort to keep responsible forests, FSCTM (Forest Stewardship Council) certifies that the wood products come from responsibly-managed forests and supply chains. But most importantly, avoid illegal deforestation activities that may affect our cherished environment.

## ISO 9001-Quality Management Certification

The ISO 9001 family addresses various aspects of quality management and contains some of ISO's best known standards. The standards provide guidance and tools for companies and organizations who want to ensure that their products and services consistently meet customer requirements, and that quality is consistently improved.

## ISO 14001- Environmental Management Certification

The ISO 14000 family addresses various aspects of environmental management. It provides practical tools for companies and organizations looking to identify and control their environmental impact and constantly improve their environmental performance.

## TAIWAN EXCELLENCE

TAIWAN EXCELLENCE, established in 1992, is an award with the recognition to the products with exceptional qualities. With rigorous evaluations in various aspects, experts authorize the use of this Excellence Award with the aims to encourage innovations and promote Taiwan-made products to the whole world.

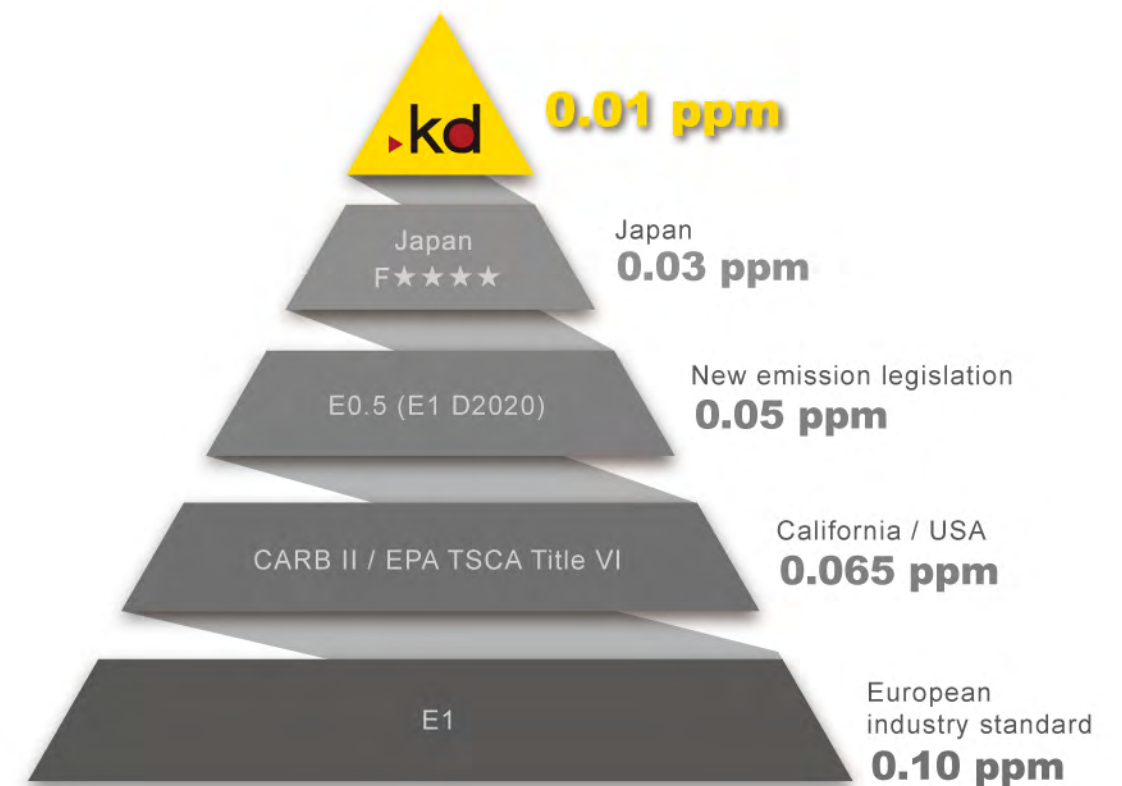

## Taiwan Golden Select of MIT Smile Product Certificate

"Taiwan Golden Selection of MIT" represents the high-quality, selected image of MIT's smile products, highlighting and enhancing the impression of MIT product quality. "Golden Selection" includes the exquisite and excellent quality of products, exquisite design, wonderful stories and actuarial high cost performance.

# TOP HEALTH STANDARD

KEDING has been dedicated to protecting our users' health by providing a healthy living environment built with low formaldehyde materials. The plywood we used for all products is certified for the lowest formaldehyde emissions than any other standards worldwide. KEDING never compromises on product quality and health protection for our users.

# ABOUT KEDING

Since the establishment in 2002, Keding Enterprises Co., Ltd. (KD) has revolutionized the standards of interior design with its exclusive "Prefinished Wood Veneered Panels". Keding dedicates to various wooden products, including KD Panels, KD ECO\* Panels, KD Edge Banding, KD Hand-Scraped Wood Flooring, KD Dining Tables, and KD Wooden Accessories, creating a new concept to the traditional use of wood. We are recognized by numerous international certificates, seeking a quality and healthy environment for the clients.

In 2018, KD went officially public in the Taiwan Stock Exchange Market (TWSE). With a Production HQ of 110 thousand square meters, KD is the only enterprise with vertical integration for sales, R&D, purchasing, manufacturing, QA / QC, and logistics. KD has become a leading brand in the global market, with more than 1000 employees, a capital of a quarter million USD, and an annual revenue of over 100 million USD. We commit to offer outstanding quality products along with the best customer service available while improving the living spaces of our cherished customers.

# MILESTONE

- 2002 Founded in Taiwan  
Prefinished Veneered Panels launched
- 2008 Qualifications for ISO 9001 and ISO 14001 certifications earned  
Green Building Material certification obtained
- 2009 KD Hand-Scraped Wood Flooring launched
- 2010 Shanghai, China branch established
- 2011 FSC-COC certificate obtained  
Singapore branch established
- 2012 MIT Made-in-Taiwan certification obtained
- 2013 Low-Formaldehyde (F1) plywood fully applied
- 2014 Hong Kong, China branch established  
Kuala Lumpur, Malaysia branch established
- 2015 Japan F☆☆☆☆ Standard certification obtained
- 2017 Grand opening of Chiayi Production HQ Factory I
- 2018 Grand opening of Chiayi Production HQ Factory II  
Listed in the Taiwan Stock Exchange (Symbol: 6655)
- 2019 KD 3D-Textured Panels launched
- 2020 KD Wide Plank Flooring launched
- 2021 ECO+ Panels & ECO+ Laminates launched

# KD PANELS

## Product Introduction

KD Prefinished Panels – a decorative plywood overlaid with real wood veneer. To provide convenience during installation, KD Panels are prefinished with special UV coating and come ready-to-use. Multiple species are available in different variations such as dyed, wire brushed and rough cut, creating a variety of more than 300 products. Each panel also has its own matching paperbacked veneer for edging purposes.

Every sheet represents the timeless beauty of wood and can serve as an instrument to promote the character of an interior space. Whether it's for residential, commercial or hospitality projects, KD Panels provides innovative solutions for a designer's infinite creativity.

## Applications

Wall Paneling, Ceiling, Slats, Door Paneling, Furniture Surface (Closets, Cabinetry, Table Tops) in Exhibition, Residential, Commercial, Hospitality

Advantages

## Advantages of KD Panels

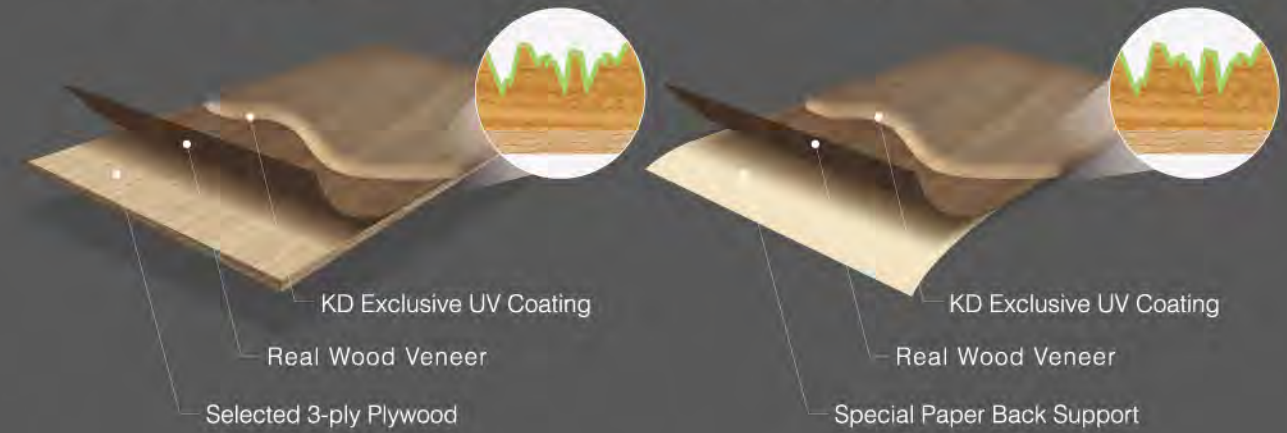

- Scratch Resistance
- Ease of Maintenance
- Chemical Resistance
- Low TVOC
- Low Formaldehyde
- Thermal Resistance
- Health Protection
- Flame Retardancy
- Antibacterial Properties
- Flat Surface
- Stain Resistant

## KD Panels

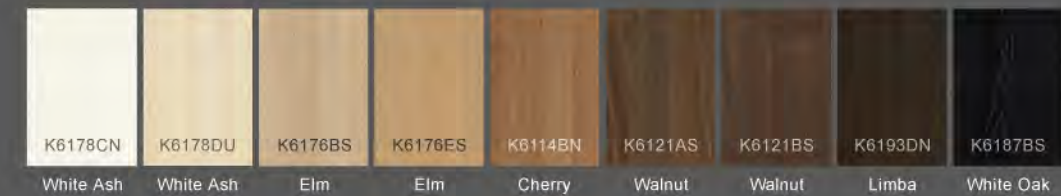

Size: 4' x 8' (1220 x 2440 mm)  
Thickness: 3 ~ 5 mm

## Paperbacked Veneer

Size: 2' x 8' (610 x 2440 mm)  
Thickness: 0.4 ~ 1.2 mm

## Tones

**Natural wood veneer**  
Feel the natural textures and embrace the beauty of wood grain.

**Various options**  
Discover unlimited design possibilities with the colors from the forest.

# KD ECO+ LAMINATES

## Product Introduction

KD ECO+ Laminates carry forward the advantages of KD ECO+ Panels, bringing a new surface decoration material experience that subverts traditional PVC and melamine materials. KD ECO+ Laminates embody the expectation of beauty, offering a variety of selections including hyperrealistic wood grain, extended series, and classic solid colors. The laminates also present seamless edges with uniform color, perfectly meeting all design needs and providing a fresh perspective on interior surface solution for you.

## KD ECO+ Laminates

Standard product : 4' x 8' (1230 x 2460 x 0.8 mm)  
 4' x 10' (1230 x 3030 x 0.8 mm)  
 4' x 12' (1230 x 3640 x 0.8 mm)

### Wood Grain Collection

### Solid Color Collection

### Extended Collection

## Advantages of KD ECO+ Laminates

### Seamless Edges

KD ECO+ Laminates offer a seamless and visually appealing finish with no black edges at the 90-degree corners. Choose from a wide selection of over 200 rich color options.

### Easy to Bend

Unlike traditional PVC and HPL laminates, KD ECO+ Laminates are highly flexible and resistant to cracking, making installation and cutting effortless.

### Scratch and Stain Resistant

KD exclusive coating significantly enhances the protection of KD ECO+ Laminates, ensuring resistance to scratches, chemicals, stains, and flames, all SGS certified.

### Eco-friendly and Safe

Made from non-toxic food-grade PP material, KD ECO+ Laminates are free from formaldehyde, plasticizers, and harmful toxins, providing a high-quality and safe panel solution.

## Applications

Wall Paneling, Ceiling, Slats, Door Paneling, Furniture Surface (Closets, Cabinetry, Table Tops) in Exhibition, Residential, Commercial, Hospitality

# KD ECO+ PANELS

## Product Introduction

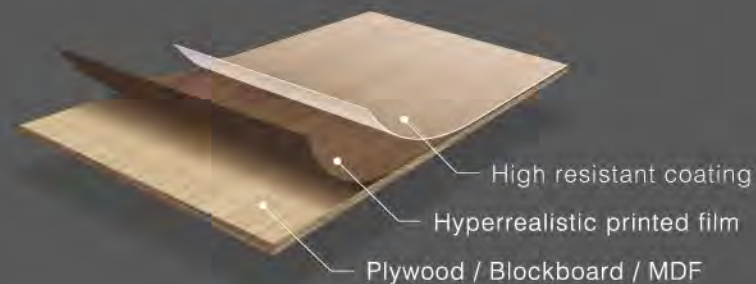

KD ECO+ Panels – These wood grain surfaces are printed with hyperrealistic printing technology and made with food-grade PP materials to simulate the look and touch of KD Panels™. KD ECO+ Panels not only come in wood grain but also with solid color collections and extended collections.

## KD ECO+ Panels

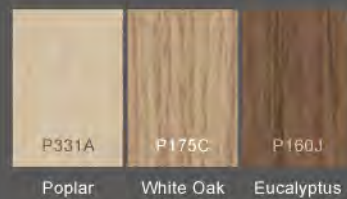

Size : 4' x 8' (1220 x 2440 mm)

Thickness : 2.8 / 3.9 / 18 mm

• 9' & 10' and double-sided panels are also available for customization.

### Wood Grain Collection

### Solid Color Collection

### Extended Collection

## Advantages of KD ECO+ Panels

### Safe, Food-Grade PP Materials

Selected food grade PP (polypropylene) materials are free of formaldehyde, plasticizers, melamine and other toxic substances : which makes it safe to use even in the food industry. Polypropylene is widely used in microwavable food containers, nursing bottles, tableware, and our KD ECO+ Panels.

### High Resistance PP Film

The high resistance PP film of ECO+ Panels provides exceptional protection for the surface : which is certified by SGS for scratch, chemical, and stain resistances, along with flame retardant properties.

### Hyperrealistic Wood Grain Printing Technology

Hyperrealistic wood grain printing technology enables ECO+ Panels to simulate the appearances and textures of KD Panels. KD ECO+ Panels not only come in wood grain but also with solid color collections and extended collections.

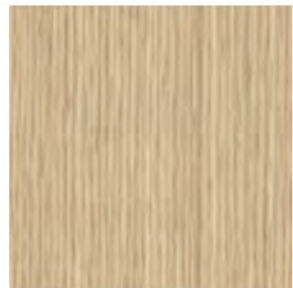

### Healthy, Durable Substrates

ECO+ Panels come with multiple substrate options such as blockboard, MDF and plywood that provide good load-bearing capacity and moisture resistance, making it your best choice for your woodworking needs.

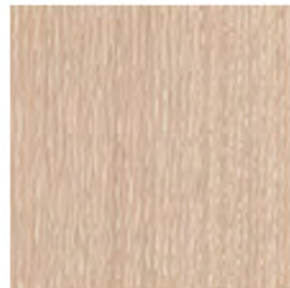

## Applications

Wall Paneling, Ceiling, Slats, Door Paneling, Furniture Surface (Closets, Cabinetry, Table Tops) in Exhibition, Residential, Commercial, Hospitality

# KD EDGE BANDING

## Product Introduction

For seamless edge finishing, we provide a wide range of edge bandings that could be perfectly matched with other KD products or be used individually. Veneer strips, ECO+ strips, and ABS strips are available. Veneer and ECO+ strips also come with a peel & stick option, which could be easily applied to your woodwork.

## ECO+ Edge Banding

Width: 22 / 38 / 55 mm  
Peel and Stick Width: 19 / 25 / 38 / 610 mm

## Veneer Edge Banding

- Natural Veneer Surface
- Standard Widths: 22 / 38 mm
- Customizable Width
- Peel & Stick Option Available

## Wood Grain Collection

## Wood Grain Collection

## Solid Color Collection

## Extended Collection

## ECO+ Edge Banding

- Polypropylene Surface
- Thicknesses: 0.5 mm
- Standard Widths: 22 / 38 / 55 mm
- Peel & Stick Widths: 19 / 25 / 38 / 610 mm

## ABS Edge Banding

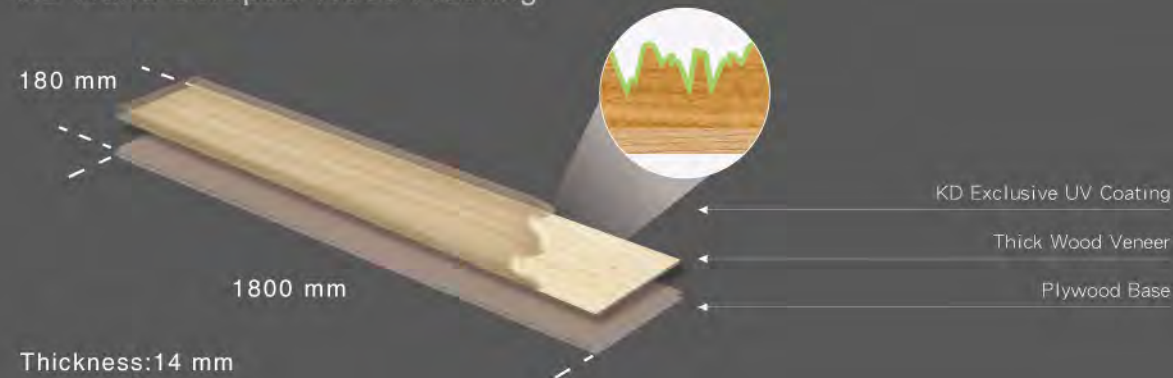

- ABS Surface
- Thicknesses: 0.5 / 1mm
- Standard Widths: 22 / 29 / 38 / 55 mm

# KD FLOORING

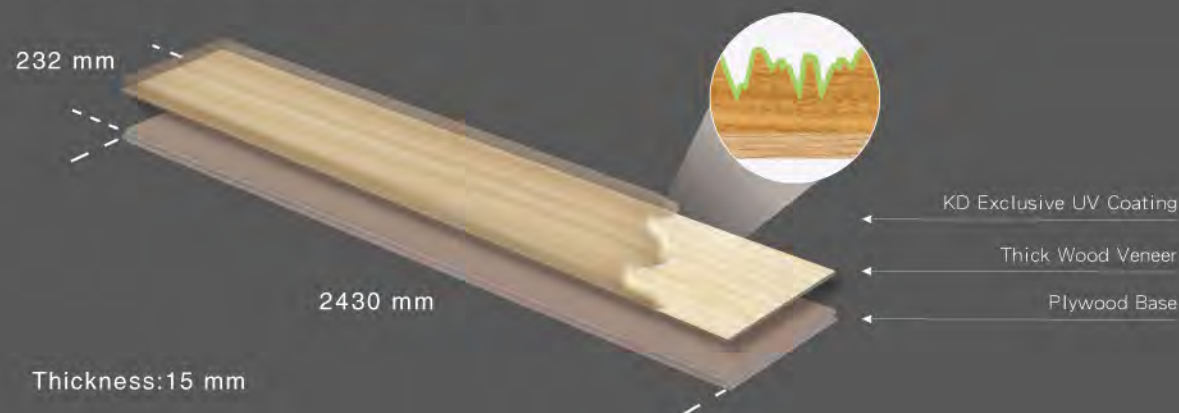

## Product Introduction

All series of KD Wood Flooring have obtained the label of Green Building Materials in Taiwan. Only top-notch eco-friendly paint with no toxins and low formaldehyde are manually applied to the surfaces of the floorings to preserve the uniqueness and beauty of real wood.

### KD Hand-Scraped Wood Flooring

### KD Wide-Plank Wood Flooring

## Advantages of KD Hand-Scraped Wood Flooring

### 🕒 Crafted with time, refined by life

KD Hand-Scraped Flooring inherited the classic crafts of traditional wood floorings. Precisely and meticulously scraped, KD Flooring brings the vitality and beauty of nature in your space.

### 👨‍🔧 Distressing processes, rustic finishes, timeless elegance

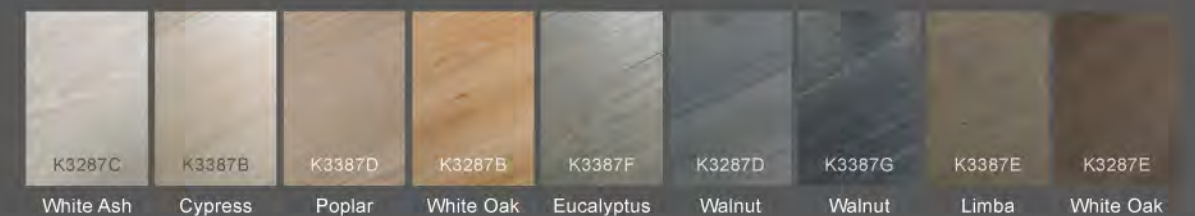

Unlike most manufacturers, each and every craftsman in KD engages in the distressing process manually to create unique and age-worn look similar to vintage flooring.

## Advantages of KD Wide-Plank Wood Flooring

### 🏠 Redefining standards, pursuing perfection

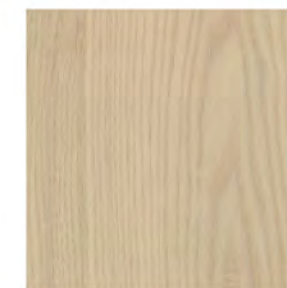

KD Wide-Plank Flooring breaks the standards of conventional wooden flooring dimensions. Our golden ratio based on immense research and development reduces the number of joint gaps on the surface, which enhances the spaciousness and extraordinary vibe of the space.
