SUSTAINABILITY CERTIFICATIONS

KEDING has acquired various certifications of sustainability and quality management. Striving to practice consumer health protection and fulfill environment sustainability by complying to strict management and production standards.

Taiwan Green Building Material Certification

Materials which have a minimum impact on the earth's environment produce no harm to human health in the process of raw material acquirement as well as the cycle of regeneration and reuse. Responsible product manufacturing and application are collectively called Green Building Materials.

FSC™ Certification

As an effort to keep responsible forests, FSCTM(Forest Stewardship Council) certifies that the wood products come from responsibly-managed forests and supply chains. But most importantly, avoid illegal deforestation activities that may affect our cherished environment.

ISO 9001-Quality Management Certification

The ISO 9001 family addresses various aspects of quality management and contains some of ISO's best known standards. The standards provide guidance and tools for companies and organizations who want to ensure that their products and services consistently meet customer requirements, and that quality is consistently improved.

ISO 14001- Environmental Management Certification

The ISO 14000 family addresses various aspects of environmental management. It provides practical tools for companies and organizations looking to identify and control their environmental impact and constantly improve their environmental performance.

ISO 45001 - Occupational Health & Safety Certification

The ISO 45001 standard focuses on occupational health and safety management. It offers practical tools for companies and organizations aiming to identify workplace hazards, reduce risks, and continuously improve employee health, safety, and well-being.

ISO 14067 - Carbon Footprint Declaration

ISO 14067 defines the methodology for measuring and reporting a product's carbon footprint. KEDING follows this standard to assess greenhouse gas emissions across the entire product life cycle, underscoring our commitment to transparency and climate responsibility.

TAIWAN EXCELLENCE

TAIWAN EXCELLENCE, established in 1992, is an award with the recognition to the products with exceptional qualities. With rigorous evaluations in various aspects, experts authorize the use of this Excellence Award with the aims to encourage innovations and promote Taiwan-made products to the whole world.

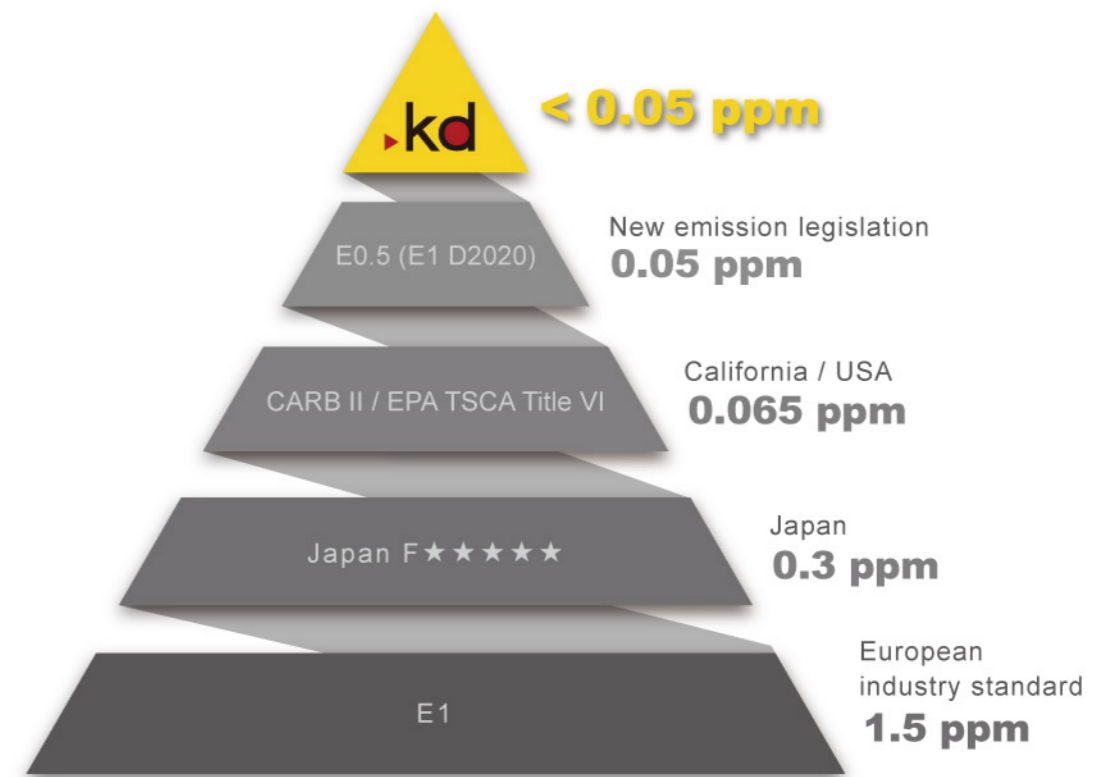

Taiwan Golden Select of MIT Smile Product Certificate

"Taiwan Golden Selection of MIT" represents the high-quality, selected image of MIT's smile products, highlighting and enhancing the impression of MIT product quality. "Golden Selection" includes the exquisite and excellent quality of products, exquisite design, wonderful stories and actuarial high cost performance.

TOP HEALTH STANDARD

KEDING has been dedicated to protecting our users' health by providing a healthy living environment built with low formaldehyde materials. The plywood we used for all products is certified for the lowest formaldehyde emissions than any other standards worldwide. KEDING never compromises on product quality and health protection for our users.

ABOUT KEDING

Since the establishment in 2002, Keding Enterprises Co., Ltd. (KD) has revolutionized the standards of interior design with its exclusive "Prefinished Wood Veneered Panels". Keding dedicates to a diverse range of building materials, including KD Panels, KD ECO+ Laminates, KD Edge Banding, and KD Flooring, creating a new concept to the traditional use of wood. We are recognized by numerous international certificates, seeking a quality and healthy environment for the clients.

In 2018, KD went officially public in the Taiwan Stock Exchange Market (TWSE). With a Production HQ of 110 thousand square meters, KD is the only enterprise with vertical integration for sales, R&D, purchasing, manufacturing, QA / QC, and logistics. KD has become a leading brand in the global market, with more than 1000 employees, a capital of a quarter million USD, and an annual revenue of over 100 million USD. We commit to offer outstanding quality products along with the best customer service available while improving the living spaces of our cherished customers.

MILESTONE

- 2002 Founded in Taiwan
Prefinished Veneered Panels launched

- 2008 Qualifications for ISO 9001 and ISO 14001 certifications earned
Green Building Material certification obtained

- 2009 KD Hand-Scraped Wood Flooring launched

- 2010 Shanghai, China branch established

- 2011 FSC-COC certificate obtained
Singapore branch established

- 2012 MIT Made-in-Taiwan certification obtained

- 2013 Low-Formaldehyde (F1) plywood fully applied

- 2014 Hong Kong, China branch established
Kuala Lumpur, Malaysia branch established

- 2015 Japan F☆☆☆☆ Standard certification obtained

- 2017 Grand opening of Chiayi Production HQ Factory I

- 2018 Grand opening of Chiayi Production HQ Factory II
Listed in the Taiwan Stock Exchange (Symbol: 6655)

- 2019 KD 3D-Textured Panels launched

- 2020 KD Wide Plank Flooring launched
Philippines branch established

- 2021 ECO+ Panels launched

- 2022 Indonesia branches established

- 2023 ECO+ Laminates launched
PP Flooring launched with patented innovation
Thailand and Vietnam branches established

- 2024 Distributors established in the United States, India, Australia,
Spain, and the United Arab Emirates
ISO 45001 certification obtained

- 2025 Japan and United Kingdom branches established
Distributors established in the Dominican Republic and South Africa
ISO 14607 certification obtained

KD PANELS

Product Introduction

KD Prefinished Panels – a decorative plywood overlaid with real wood veneer. To provide convenience during installation, KD Panels are prefinished with special UV coating and come ready-to-use. Multiple species are available in different variations such as dyed, wire brushed and rough cut, creating a variety of more than 300 products. Each panel also has its own matching paperbacked veneer for edging purposes.

Every sheet represents the timeless beauty of wood and can serve as an instrument to promote the character of an interior space. Whether it's for residential, commercial or hospitality projects, KD Panels provides innovative solutions for a designer's infinite creativity.

Applications

Wall Paneling, Ceiling, Slats, Door Paneling, Furniture Surface (Closets, Cabinetry, Table Tops) in Exhibition, Residential, Commercial, Hospitality

Advantages

Advantages of KD Panels

-  Scratch Resistance
-  Ease of Maintenance
-  Chemical Resistance
-  Low TVOC
-  Low Formaldehyde
-  Thermal Resistance
-  Health Protection
-  Flame Retardancy
-  Antibacterial Properties
-  Flat Surface
-  Stain Resistant

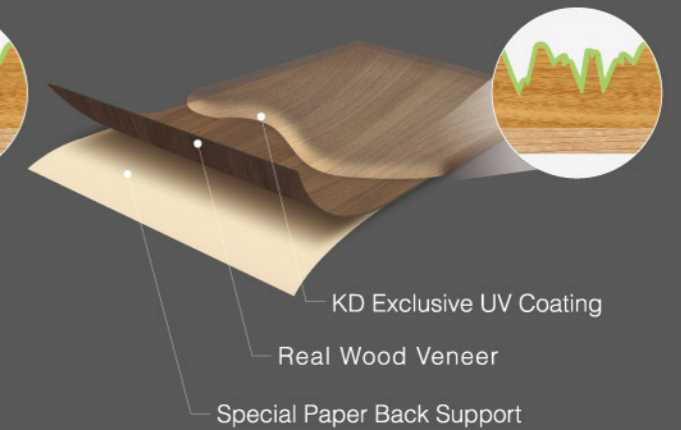

KD Panels

Size: 4' x 8' (1220 x 2440 mm)
Thickness: 3 ~ 5 mm

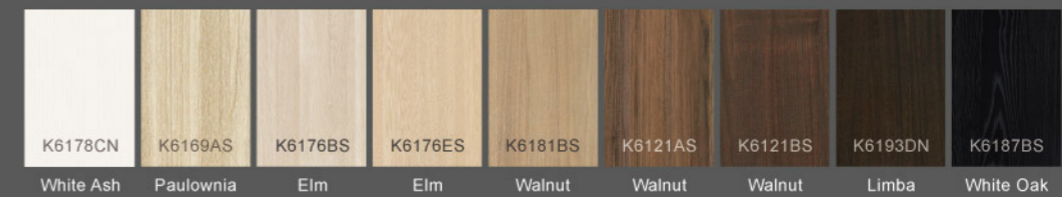

Paperbacked Veneer

Size: 2' x 8' (610 x 2440 mm)
Thickness: 0.4 ~ 1.2 mm

Tones

 **Natural wood veneer**
Feel the natural textures and embrace the beauty of wood grain.

 **Various options**
Discover unlimited design possibilities with the colors from the forest.

KD ECO+ LAMINATES

Product Introduction

KD ECO+ Laminates carry forward the advantages of KD ECO+ Panels, bringing a new surface decoration material experience that subverts traditional PVC and melamine materials. KD ECO+ Laminates embody the expectation of beauty, offering a variety of selections including hyperrealistic wood grain, extended series, and classic solid colors. The laminates also present seamless edges with uniform color, perfectly meeting all design needs and providing a fresh perspective on interior surface solution for you.

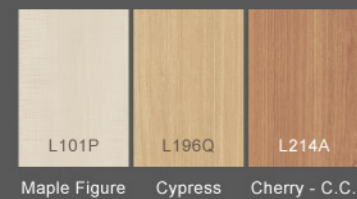

KD ECO+ Laminates

Standard product : 4' x 8' (1220 x 2440 x 1 mm)
 Customized product : 4' x 10' (1220 x 3050 x 1 mm)
 4' x 12' (1220 x 3660 x 1 mm)

【 Uniform Color Layer Structure 】
 Patent Application Number : 10202400456Y

Advantages of KD ECO+ Laminates

Seamless Edges

KD ECO+ Laminates offer a seamless and visually appealing finish with no black edges at the 90-degree corners. Choose from a wide selection of over 200 rich color options.

Easy to Bend

Unlike traditional PVC and HPL laminates, KD ECO+ Laminates are highly flexible and resistant to cracking, making installation and cutting effortless.

Scratch and Stain Resistant

KD exclusive coating significantly enhances the protection of KD ECO+ Laminates, ensuring resistance to scratches, chemicals, stains, and flames, all SGS certified.

Eco-friendly and Safe

Made from non-toxic food-grade PP material, KD ECO+ Laminates are free from formaldehyde, plasticizers, and harmful toxins, providing a high-quality and safe panel solution.

Applications

Wall Paneling, Ceiling, Slats, Door Paneling, Furniture Surface (Closets, Cabinetry, Table Tops) in Exhibition, Residential, Commercial, Hospitality

RELIABLE QUALITY & CERTIFIED PERFORMANCE

KD ECO+ Laminates are engineered to meet the highest industry standards.
